Veterinary & Research Conservation Missions

WILDE TRACKS

# Conservation in Action

We operate across key conservation regions in Africa and Central America, where wildlife faces growing threats from human-wildlife conflict, habitat fragmentation, harmful superstitions, the illegal wildlife trade, and the exotic pet market.

In Africa, our work spans South Africa, Tanzania, Uganda, Namibia and Malawi, focusing on protecting vulnerable species and restoring ecosystems under pressure while empowering local communities on the importance of preserving the ecosystem.

In Central and South America, we support vital conservation efforts in Costa Rica, Guatemala, Ecuador, The Galapagos and Belize, areas rich in unique wildlife and natural heritage.

These regions urgently need support to address the complex challenges threatening both animals and the environments they depend on.

We work alongside a diverse network of professionals—wildlife veterinarians, rehabilitation specialists, marine biologists, ecologists, and wildlife forensics experts—to deliver targeted, impactful solutions. There is also the opportunity for longer internships and specific research partnerships for those looking to contribute more deeply to our work.

Each year, we grow our reach, forming new partnerships and helping more species recover and thrive in the wild.

---

## MALAWI

Join the mission at a wildlife sanctuary and domestic vet clinic where you'll take part in rescues, rehabilitation, and release efforts to understand the full circle of animal care and conservation in action.

---

MALAWI

# WildeMalawi

Live the ultimate wildlife and veterinary experience in Malawi! Join a passionate team at Malawi's leading wildlife rescue sanctuary and clinic, working alongside a qualified wildlife vet and gaining hands-on experience with some of Africa's most iconic species. From annual health checks and rescue intakes to suture work, sample analysis, and patient monitoring, you'll be immersed in real-world veterinary care. Expand your skills further by assisting in domestic animal outreach through the LSCPA—treating livestock, taking part in spay and neuter programs, and supporting rural communities. Deepen your knowledge through expert-led lectures on wildlife health, including parasitology, primate medicine, emergency care, pharmacology, and remote capture techniques. Between fieldwork, unwind at the sanctuary with full-board accommodation, surrounded by the sights and sounds of the animals you're helping. Cap off your adventure with a thrilling 2-day/1-night safari through the spectacular Liwonde National Park. This is more than just volunteering—it's conservation, education, and adventure rolled into one unforgettable journey.

Available as a 7 day (wildlife only learning) or 14 day mission (wildlife + domestic learning)

When:

- 31 May - 6 Jun 2026 (7 day mission)
- 2 - 15 August 2026 (14 day mission)

*Available Year Round For Private Groups*

Where: Lilongwe, Malawi

Open to:

- 7 day mission: Vet students of any year level
- 14 day mission: Vet students in their clinical years (finished 2 years at the time of joining)

- Insurance liability for operations
- English speaking coordinator
- Pre, during and post support from Wilde Tracks

## What You'll Need to Cover

- Travel insurance (mandatory)
- Alcohol, snacks + souvenirs
- International flights
- Tourism visa (if applicable)

# Supporting Conservation

At Wilde Tracks, we believe everyone has the power to make a meaningful impact in conservation.

When you join one of our missions, you're not just going on an adventure — you're becoming part of a real, boots-on-the-ground conservation effort. Your conservation contribution directly funds:

- Life-saving veterinary care
- Medical supplies, collars, tags, and satellite tracking
- Helicopter time, fuel, and essential field logistics
- Animal feed, rescue, rehabilitation, and release operations
- Ongoing scientific research and data collection
- Habitat restoration and anti-poaching efforts

Each program is led by seasoned professionals — from wildlife veterinarians, ecologists, and biologists to forensic experts, legal professionals, forensic entomologists, and survival/tracking specialists — ensuring your experience is meaningful, educational, and impactful.

By joining a Wildlife Tracks mission, you're helping protect endangered species, restore ecosystems, and drive sustainable, long-term conservation.

Thank you for being part of something that truly matters.
